Each year we attract an elite group of outstanding men and women from Canada and around the world who

represent some of this generations most promising knowledge assets.

The Rotman School also supports a series of research centres to promote the discovery of new knowledge, turning the country's best minds to the issues and problems facing managers and businesses today. Students benefit from the efforts and initiatives of the following centres of excellence: Bonham Centre for Finance, Canadian Centre for Marketing, Clarkson Centre for Business Ethics, Capital Markets Institute and Institute for International Business.

The Rotman School would like to thank the MMPA Award sponsors for their generosity. Their contributions make a significant difference to the MMPA Students and their development.
