

Self-Assessed Course Outlines – Applicant Statement

To the MMPA Program Admissions Committee:

I am applying for advanced standing course exemptions based on course credits I earned during my previous studies that I believe are substantially equivalent to the MMPA Program courses offered in the first academic term of the Program. However, I am unable to provide official course outlines issued by my previous university(s) for the following reason(s):

- University does not issue or provide official course outlines
- Original official course outlines are lost or no longer available
- Other: _____

By signing this declaration I am confirming that the outlines I have provided are a self-assessment of the course credit(s) that I have taken, they are a true representation of the content of the course(s) and the MMPA Program can base their evaluation of my knowledge in the subject area on the self-assessment. I understand that any false statements that I make or false information that I provide will result in the loss of my advanced standing status and may result in the loss of any admission offer from the MMPA Program.
